

Vanessa Maldonado

"Be the change you wish to see in the world" -Mahatma Ghandi

I seek a career in which I can apply the skills I've learned in my study of full-stack web development, and to become an asset to the company in which I will collaborate with and continue to grow.

PROJECTS

Password Generator — HTML, CSS, JavaScript

This project randomly generates a password that meets certain criteria so that it can create a strong password that provides greater security.

<https://vbarajas4.github.io/03-HW-Password-Generator/>

Workday Scheduler — Bootstrap, HTML, CSS, JavaScript, Moment.js

This project allows an employee with a busy schedule who can add important events to a daily planner so that the user can manage their time effectively.

<https://github.com/vbarajas4/05-Third-Party-API-WorkDayScheduler>

Weather Dashboard — Bootstrap, HTML, CSS, JavaScript, API

This project allows a traveler to see the weather outlook for multiple cities so that they can plan a trip accordingly.
